Re: Notice of *Ex Parte* Communication, *Amendment of Parts 1, 2, 22, 24, 27, 90 and 95 of the Commission's Rules to Improve wireless Coverage Through the Use of Signal Boosters*, WT Docket No. 10-4

Dear Ms. Dortch,

On July 24, 2019, Brian Benison (via telephone), Jim Hollister (via telephone), Celia Nogales, Scott Prather (via telephone), Alex Starr (via telephone), and the undersigned of AT&T, along with James S. Blitz, Greg Nease, Terry Smith, and Craig Wadin (via telephone) of SiriusXM and Terry Mahn of Fish and Richardson (outside counsel to SiriusXM), met with staff from the Commission's Wireless Telecommunications Bureau ("WTB") and Office of Engineering of Technology ("OET") regarding the above-captioned proceeding. Specifically, the AT&T and SiriusXM parties met with Kathy Harris, Amanda Huetinck, Roger Noel, Moslem Sawez, and Matt Simco of WTB and Rashmi Doshi (via telephone), Martin Dozckat, Tim Harrington (via telephone), Steve Jones (via telephone), Ira Keltz, and Gulmira Mustapaeva of OET.

The AT&T and SiriusXM parties discussed concerns with the Commission's equipment certification procedures that could permit the approval and marketing of wideband consumer signal boosters that are capable of operating in the WCS bands, notwithstanding the clear prohibitions in the rules that exist today. The parties discussed the possibility of clarifying OET's band verification test procedures to prevent circumvention of the rules and possible harmful interference to sensitive radio services.

Pursuant to Section 1.1206(b)(1) of the Commission's rules, this notice is being filed in the above-referenced docket for inclusion in the public record. Please contact me with any questions regarding this submission.

Respectfully submitted,

/s/ Jessica B. Lyons
